Barnesikkerhet

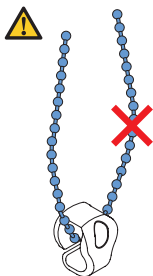

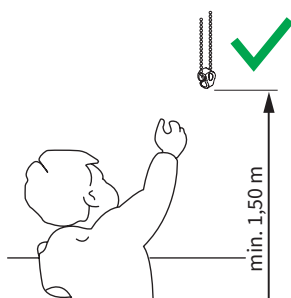

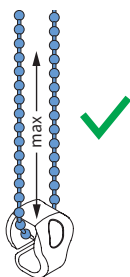

• Små barn kan sette seg fast i løkken på trekkord, kjeder og bånd og snorer som brukes til innvendig solskjerming. Snorer kan også vikle seg rundt halsen.

* Hold snorer utenfor rekkevidde for små barn for å forhindre kvelning og innvikling.

* Hold møbler unna innvendige solskjermingssnorer.

* Ikke knytt snorene sammen. Sørg for at snorene ikke kan vriss eller danne en løkke.

* Installer og bruk medfølgende sikkerhetsutstyr i henhold til installasjonsinstruksjon
